

A deal to recommend at AaE

The ASU AaE National negotiating team met on 21st April 2015 with the management representatives for our 7th meeting and we are now pleased to advise that your AaE ASU delegates have a deal that they can recommend to ASU members for the settlement of the current EBA round.

After much discussion we have resolved a number of issues and so we will be holding meetings of ASU members across the country to seek endorsement of the proposal that has been negotiated. This will occur at paid time meetings that will commence as soon as possible.

We are aiming to conclude these meetings by 15th May 2015. If the majority of ASU members support the deal then a formal vote of all staff as is required to get Fair Work Commission approval will start as soon as possible after ASU member endorsement.

You can find out more about the proposal by talking to your local ASU delegate or organizer and by attending a local meeting.

Got a question

If you have questions or queries contact your local ASU delegate or organizer.

Organisers:

Branch	Contact	Mobile
NSW US	Clare Raffan	0417 177 266
